Ms. Santiago,

This letter is to notify you of the pre-plan in place to protect the lives and property of the residents of the northern section of the East Clinton Fire District. We, the district chiefs of the East Clinton and West Clinton Fire Districts respectively, do agree that the West Clinton Station 2 shall be dispatched on all first alarm assignments where any potential for fire exists to all addresses north of Hollow Road. This includes, but is not limited to, all alarms for structure fires, brush fires, burning odors, and automatic fire alarms. This Dutchess 911 Center is aware of this plan and is verifying that its CAD system is accurate in this respect.

There are no addresses within the East Clinton Fire District that are greater than five miles from either the East Clinton Fire Station or West Clinton Station 2. Please contact Don Estes, East Clinton Chief, if you have any further questions about this matter at 845-266-5485.

Donald Estes
East Clinton Fire Chief

Donald Empert
West Clinton Fire Chief
